## Vertical Stack Heat Pumps

### S16 Chassis Series

- 15 EER and 4.7 COP
- Unit sizes: 10k, 12k, 15k, 20k, 28k, 36k (345 to 1,200 CFM)
- Replaces California Heat Pump CHP-RF and ClimateMaster 816 and 817 chassis

### SCA Chassis Series

- 15 EER and 4.6 COP
- Unit sizes: 08k, 10k, 12k, 15k, 20k, 24k (250 to 800 CFM)
- Replaces Singer/McQuay HCA chassis

### S6S Slant Coil Chassis Series

- 13 EER and 4.2 COP
- Unit sizes: 10k, 12k, 15k (340 to 450 CFM)
- Replaces ClimateMaster 816 Slant Coil chassis

### SCC Chassis Series

- 13 EER and 4.5 COP
- Unit sizes: 10k, 12k, 20k, 24k (300 to 830 CFM)
- Replaces Singer/McQuay HCC chassis

### SHS Chassis Series

- 15 EER and 4.8 COP
- Unit sizes: 10k, 12k, 20k, 24k (300 to 625 CFM)
- Replaces Omega HRP chassis

### SVF Chassis Series

- 15 EER and 4.5 COP
- Unit sizes: 10k, 12k, 15k, 20k, 24k, 26k, 33k, 40k (305 to 1,270 CFM)
- Replaces Singer/McQuay VF/VP/VG chassis

### SET Chassis Series

- 14 EER and 4.5 COP
- Unit sizes: 09k, 12k, 15k, 18k (300 to 650 CFM)
- Replaces Trane GET chassis

### SPV Chassis Series

- 14 EER and 4.7 COP
- Unit sizes: 10k, 12k, 20k, 26k, 33k (360 to 1,100 CFM)
- Replaces Command-Aire WPV and Trane WPRD chassis

## Horizontal Packaged Heat Pumps

### S14 Chassis Series

- 13 EER and 4.2 COP
- Unit sizes: 10k, 12k (330 to 390 CFM)
- Replaces ClimateMaster 814 chassis

### SHW Chassis Series

- 14 EER and 4.5 COP
- Unit sizes: 09k, 12k, 20k, 26k, 33k, 40k, 51k, 55k (420 to 1,600 CFM)
- Replaces American Air Filter/Enercon HW straight blow through design unit

### SCR Chassis Series

- 13 EER and 4.4 COP
- Unit sizes: 10k, 12k, 15k, 20k, 26k, 33k, 40k, 52k (350 to 1,800 CFM)
- Replaces Singer/Climate Control CC chassis

# AIR SOURCE PRODUCTS

## Console Heat Pumps

### S00 Chassis Series

- 13 EER and 4.5 COP
- Unit sizes: 10k, 12k (350 to 420 CFM)
- Replaces ClimateMaster/Friedrich 800 chassis

### S01 Chassis Series

- 14 EER and 4.5 COP
- Unit sizes: 08k, 10k, 12k, 15k, 19k (240 to 540 CFM)
- Replaces ClimateMaster/Friedrich 801 chassis

### SAC Chassis Series

- 14 EER and 4.6 COP
- Unit sizes: 08k, 10k, 12k (270 to 435 CFM)
- Replaces American Air Filter SSACW chassis

### SBC Chassis Series

- 12 EER and 4.2 COP
- Unit sizes: 08k, 10k, 12k (250 to 360 CFM)
- Replaces American Air Filter SSBCW chassis

### SLM Chassis Series

- 14 EER and 4.7 COP
- Unit sizes: 08k, 10k, 12k, 15k, 18k (245 to 550 CFM)
- Replaces Singer/McQuay LM Low Sill chassis

### SWC Chassis Series

- 13 EER
- Unit sizes: 06k, 09k, 12k, 16k (220 to 510 CFM)
- Replaces Slant-Fin WC chassis

### SWM Chassis Series

- 14 EER and 4.6 COP
- Unit sizes: 08k, 10k, 12k, 15k, 18k (250 to 540 CFM)
- Replaces Singer/McQuay WM-B chassis

### SWP Chassis Series

- 13 EER and 4.6 COP
- Unit sizes: 07k, 10k, 12k (260 to 545 CFM)
- Replaces SWPC Command-Aire chassis

## Vertical PTAC Units

### SPC Chassis Series

- 11 EER and 3.4 COP
- Unit sizes: 09k, 12k, 15k, 18k, 24k (290 to 700 CFM)
- For new construction or renovation; Replaces RetroAire VPAC and First Company DPU chassis

### SPN Chassis Series

- 9.5 EER and 3.0 COP
- Unit sizes: 09k, 12k, 15k (350 to 500 CFM)
- For new construction or renovation

### SJC Series Slide-In Replacement Vertical Stack Fan Coil

- 300 - 1200 CFM
- 2 pipe or 4 pipe
- 3 or 4 row coil option
- Optional electric heat
- Slide-out chassis
- EC motor standars
- Control options

## Fan Coils

# INNOVATIVE HEATING AND COOLING SOLUTIONS

Shorefit® equipment has been specified in hundreds of projects in these and other applications:  
Direct Replacement | New Construction | Renovation | Commercial & Residential Solutions

## Shorefit® values reliability as much as you

Your Shorefit® sales representative knows their reputation is on the line with every sale. Therefore, they are as personally invested in your comfort as you are, and take great pride in creating your perfect indoor environment.

## Rest comfortably, knowing Shorefit® stands behind our products

The Shorefit® Corporation backs our products with a standard warranty that includes labor for the entire first year of ownership. Registered Limited Warranty terms include: 12 month limited warranty on components, 60 month limited warranty on all unit compressors from the date of original installation OR 15 months limited warranty on components, 63 month limited warranty on all unit compressors from the date of original sale, whichever comes first. For all coverage options and complete coverage terms, check with your local Shorefit® representative for full details.

## Industry-leading expertise

Shorefit® Corporation is the industry-leading supplier of aftermarket comfort solutions for commercial and residential applications. We have over 18 years of experience developing OEM-style replacement products to keep you happy and comfortable. Whether it is a water source heat pump application or an air source PTAC system, Shorefit® has the knowledge and products to restore your system to its original operating condition.

## Reliable comfort products backed by the industry experts in OEM-style replacement units

To learn more about how the Shorefit® Corporation can help you save time and money on your next project, contact your local Shorefit® representative. Call **410-822-9200** to speak with one of our specialists, or e-mail your request to [sales@shorefithvac.com](mailto:sales@shorefithvac.com).
